## INSTRUCTIONS FOR MAKING YOUR COSTUME:

- 1) Print out the two previous pages of this pdf on standard A4 paper and cut out the shapes that are numbered in the template key.
- 2) Use the paper shapes as templates to cut out the same shapes from pieces of coloured card. To create more impact, use different colours for the mask, scales and libra symbol – the exact colours you choose are entirely up to you, but metallic card in either gold, silver or bronze would work well for the scales.
- 3) Stick the scales onto the mask, so that their base sits centrally, just above the mask eyeholes – then stick the libra zodiac symbol onto the base of the scales (use the picture, below, for placement guidance).
- 4) Use a hole-punch to make the holes for elastic (5) on each side of the mask, then thread with elastic and knot to secure, so you can wear your mask comfortably.
- 5) Finish off your costume by wrapping up warm in comfy, waterproof clothes — then make yourself an over-costume, by draping either a scarf, shawl, or large piece of fabric over your shoulders, in a colour that matches your mask (preferably a bright, or metallic colour, to make a more theatrical impact).
- 6) You can make your costume even more theatrical by sticking/sewing coloured fabric ribbons to your over-costume – or add feathers, tinsel, sequins... whatever you want, to customise your zodiac sign!
